Materials, sizes and terms

Materials

cream: about 55 yd (estimate)
Choose a 100% cotton crochet thread: the squares stay crisp after blocking and starching.
Tapestry needle, scissors, rust-proof pins, spray starch and a towel or a foam mat for blocking.
Hook: 1.65 mm steel crochet hook (US size 7 in most brands), tapestry needle
Time: About 5 hours 30 minutes (estimated, not timed)

Abbreviations (US terms, UK in brackets)

ch = chain
dc = double crochet (UK tr)
bl = block: 3 dc
sp = space: ch 2, then a dc
st(s) = stitch(es)

Gauge

About 4 1/2 squares and 4 1/2 rows = 1 in (2.5 cm) (suggested: measure your own; the size is approximate)

Notes

- US crochet terms. ch = chain, dc = double crochet, st(s) = stitch(es), bl = block, sp = space.
- bl (block) = dc in the next 2 sts (or 2 dc in the ch-2 space) and in the next dc. sp (space) = ch 2, skip 2 sts (or the space), dc in the next dc.
- Every row has 25 squares = 76 sts: the first dc, then 3 sts for every square.
- Ch 3 at the start of a row counts as the first dc: skip the dc at the base of the ch-3, and work the last dc of each row in the top of the turning ch-3 (on Row 2: in the top of the 3 skipped ch of the foundation chain).
- Odd rows are worked right to left (←), even rows left to right (→). Row 1 is the bottom row of the chart.
- Photos are previews of the finished look, not a crocheted sample.

Chart

Filet chart: 25 squares x 25 rows

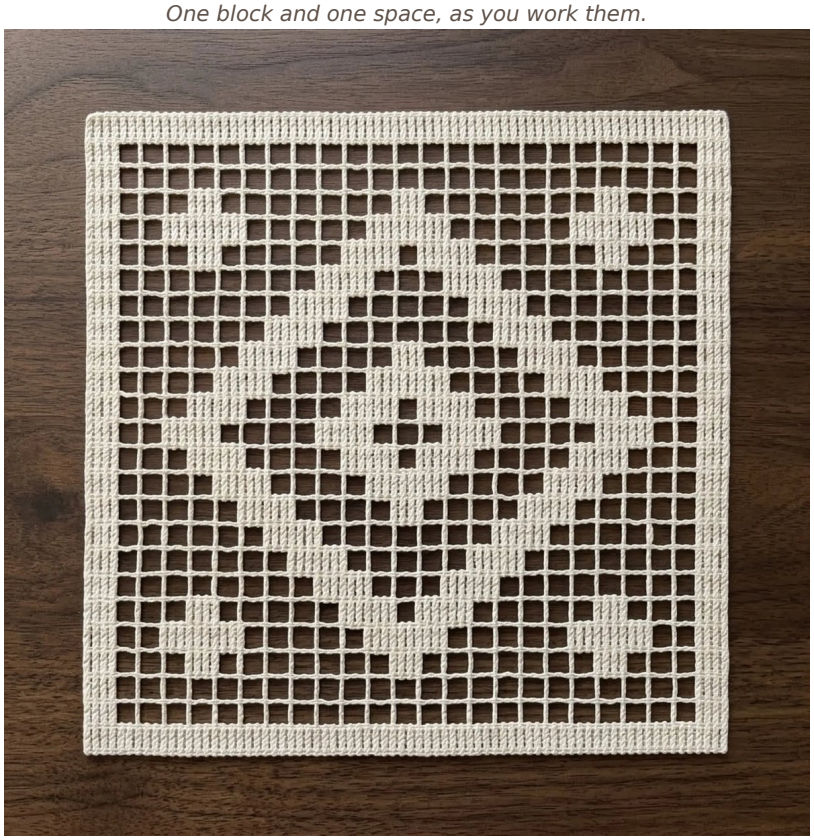

The chart: a filled square is a block, an empty square is a space. Row 1 is at the bottom.

Diagram

One block and one space, as you work them.

25 squares by 25 rows, worked back and forth inside a solid border.

Finishing

Once it is blocked, starched and dry, it is ready for a side table, a tray or under a vase.

Finish and block

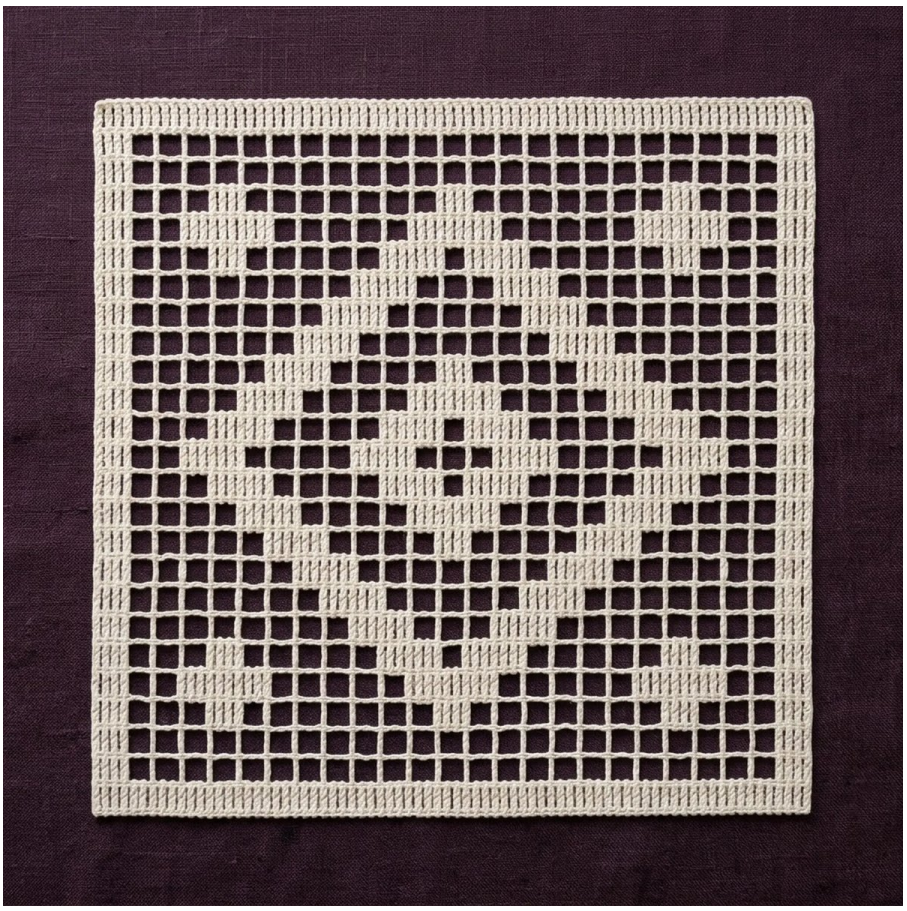

1. Weave in the ends

Weave in both ends along the solid border.

2. Block it

Pin it flat with square corners, one pin in each corner and every few squares along the edges. Mist it with water or spray starch and let it dry fully before you unpin.

Care: Hand wash in cool water, press in a towel, then pin it flat again with a little spray starch and let it dry.
